except by post

free of charge HUF 250/letter

Fee for sending an Individual Certificate of Performance and a Day-end Aggregate Transaction Certificate

except by post

free of charge HUF 6,000 /month

The calculation of the account keeping fees is based on the market price associated with securities. In the case of domestic and foreign stock exchange shares, bonds and mortgage bonds, this is the last known stock exchange closing price; in the case of Hungarian government securities, the value calculated in accordance with the reference yield quoted by the State Debt Management Centre; and in the case of asset management shares, the last known net asset value. If the market price is not known, cannot be determined or is older than one year, the face value of the given securities will form the basis of fee calculation. In the case of FX instruments, the portfolio is converted at the current official exchange rate quoted by the National Bank of Hungary.

The Company does not charge a fixed fee if there are no securities, other financial instruments or a cash balance on any of the accounts throughout the given month.

Debiting account-keeping fees and postage to the account is due on the last calendar day of the given month. The fixed and portfolio fee(s) calculated for the LTIA portfolio(s) is (are) debited to the normal customer account.

¹¹ These fees apply to securities held on a non-collection basis..
